**The information, as provided, is for informational purposes only and should not be interpreted as complete, nor should it be considered legally binding. Coordination with both your state and the destination state plant regulatory agency listed above may be necessary to stay up-to-date on revised requirements.**

### DEFINITION OF NUSERY STOCK

"Nursery Stock" means

- A. any hardy plant or herbaceous or woody plant that:
  - I) Survives Colorado winters; and
  - II) Is grown, collected or kept for propagation, sale or distribution, including:
    - a. A deciduous or evergreen tree;
    - b. A shrub
    - c. A woody vine
    - d. Turfgrass sod; and
    - e. Ornamental grass;
- B. Any non-hardy plant or plant part to be distributed in another state that requires plant inspection and certification before the plant may enter into the state.

### GENERAL SHIPPING REQUIREMENTS

Each shipment or lot of plant material moving into Colorado must be plainly marked with the names and addresses of shipper and consignee and the general
